SUMMARY

Associate Account Manager at Mitsubishi HC Capital Canada who carries a vendor-finance book and builds the desk's own tooling for quoting, document automation, and collections analytics. Credit, amortization, and portfolio fluency, plus the engineering to put them to work.

EXPERIENCE

Associate Account Manager, Equipment Finance

Sept. 2025 – Present

Mitsubishi HC Capital Canada

Burlington, ON

- Carry a vendor-sales equipment-finance book across construction, transportation, and material-handling assets: funded **over \$4M against a \$2M monthly new-business target** (200%+ attainment) in each of April and May 2026; over quota every month since month two in the seat.
- Manage **10+ vendor relationships** across Ontario, Alberta, BC, and Quebec on a vendor book of about **\$50M net investment**; typical deals \$100–250K.
- Underwrite and structure FMV, capital, and vendor-finance transactions: spread financials, calculate debt ratios and FCCR, and prepare four-block credit submissions for sign-off, managing deals from quote through documentation and funding.
- Designed a predictive collections scorecard with the credit and portfolio teams: it auto-triages low-risk accounts and ranks the rest by recovery priority across **\$17–18M** of assets in recovery; each one-point lift in the portfolio-wide recovery rate is worth about **\$1M**. Owned the business case, won approval, and now lead the Phase 1 rollout.
- Reverse-engineered each manufacturer's lease and subsidy math into a quoting engine spanning all 11 product lines, replacing **13 abandoned Excel calculators** (30–45 sheets each) and matching TValue to the penny.
- Cut pre-funding document review from **1–2 hours to about 5 minutes** with an AI validation service now in pilot on **50+ live deal packages**; carried it through the company's first internal innovation review.

Founder

Jan. 2024 – Present

SKomp Studio

Remote

- Founded a software studio and built its flagship client platform ([Solstice Pilates](https://solsticepilates.ca) booking and payments, solsticepilates.ca) solo: **\$40K+ CAD processed** across **850+ bookings** for 450+ registered users.
- Coached **100+ learners** through technical-interview preparation in the studio's mentorship arm, taking each engagement from acquisition through delivery.

Junior Web Developer

May 2021 – Jun. 2022

Giftcash Inc.

Remote

- Built payout and gift-card valuation services on a Node.js / AWS Lambda stack and automated balance verification across providers, replacing manual per-card checks.
- Migrated the legacy platform to serverless, tuned the PostgreSQL database on its heaviest queries, and automated releases with Jenkins and GitHub Actions CI/CD.

SKILLS

Finance & Credit: Equipment & lease structuring, credit analysis, amortization math (PMT/PV/FV/RATE/IRR, TValue-validated), subsidy & blended-rate modeling, credit-scorecard & recovery modeling

Tools: TValue, InfoLease, Salesforce, Excel (advanced), Power BI, SQL

Engineering: TypeScript, Python, Next.js / Node.js, PostgreSQL, workflow automation

EDUCATION

McMaster University

MEng, Computing & Software (in progress, Year 1 complete)

Hamilton, ON

Sept. 2025 – 2026

McMaster University

BASc (Honours), Computer Science

Hamilton, ON

Sept. 2018 – Nov. 2024
